

#### PRIME MINISTER · PREMIER MINISTRE

July 2–3, 2022

Dear Friends:

I am pleased to extend my warmest greetings to everyone taking part in the Canada Man/Canada Woman Xtreme Triathlon in Lac-Mégantic.

Once again, the beautiful landscape of Lac-Mégantic will help promote a healthy and active lifestyle by serving as the backdrop for this not-to-be-missed competition. The event's three stages will provide a wonderful opportunity to witness the determination and perseverance of the triathletes, as they make every effort to push their limits and achieve their goals.

On behalf of the Government of Canada, I commend the organizers for their hard work and dedication in making this outstanding event possible, and wish all those competing the best of luck.

Sincerely,

The Right Honourable Justin P.J. Trudeau, P.C., M.P.

Prime Minister of Canada

# THANK YOU TO ALL 2022 CANADA MAN/WOMAN PARTNERS

#### PRESENTATION

## An intense, magnificent, and wild longdistance triathlon

Canada Man/Woman is the ultimate long-distance triathlon! It pays tribute to the first Canadians who successfully adapted to nature's harsh elements and made Quebec's forests and expansive territory their homeland and livelihood.

Canada Man/Woman differs from the classic long-distance triathlon where thousands of volunteers are present to support you at every turn. As in pioneer life, you will have only yourself to rely on throughout many sections, apart from the support of your limited assistance team and your best friend. The latter will follow you throughout the marathon that will unfold in the heart of the Canadian forest.

A breathtaking course amid Canadian woods and mountains that will push you to successively complete:

- 180 km of biking along the Route des Sommets with an elevation gain of 2500 m;
- 42 km of running along roads and trails with the ultimate finish line at the summit of Mont Mégantic... following an elevation gain of 1 200 m!

This is one of the most intense, wild, and beautiful triathlons presented in North America.

#### Race manual

This manual contains important information required to ensure the race unfolds smoothly, but also to guarantee your safety. It is mandatory that you read and understand this manual.

The race manual will constantly evolve. This is even more true because of the pandemic. We have modified several elements to comply with the standards prescribed by Triathlon Québec and Public Health recommendations. The document will be updated per the standards that are to be respected if necessary.

## Headquarters

Canada Man/Woman Lac-Mégantic headquarters are located at the following address:

Centre Sportif de Lac-Mégantic 5400, Papineau Street Lac-Mégantic, Québec G6B 0B9

#### REGISTRATION

DATE	HEURE	QUOI	OÙ	
Saturday, June. 25 <sup>th</sup> , 2022	11:00 a.m.	Pre-race meeting (mandatory)	Online: A link will be sent to you a few days prior to the meeting.	
Saturday, July 2 <sup>nd</sup> , 2022	6:00 p.m 8:00 p.m.	Mandatory bike deposit in Transition 1 zone.  Only 1 person in transition (athlete or assistant)  One bag containing bib, bike tights and helmet, swimming cap, tattoo, and timing chip will be at your designated spot.  No back and forth allowed in transition zone	Parc de la Baie-des-Sables 2370, chemin du Lac, Lac-Mégantic	
Sunday, July 3 <sup>rd</sup> , 2022	3:30 Start 4:30	Athletes arrive in parking lot. Opening of transition 1 for assistants  First Canada Man/Woman Extreme start	Parc de la Baie-des-Sables 2370, chemin du Lac, Lac-Mégantic	

### THE COURSE

The Lac-Mégantic Canada Man/Woman course is completed one way. The event launches in the town of Lac-Mégantic and the finish line is located at the summit of Mont Mégantic.

### The entire course is 226 km long.

Further details are available in the road books provided, in the appendices. You may also view the interactive maps on the event website.

#### Course changes are possible due to weather conditions

For the safety of all participants, we have planned alternative courses for the swimming section as well as for the finish, at the summit of Mont Mégantic.

If we must cancel the swimming section, the event will be launched from the Baie des Sables beach.

If weather conditions prevent us from ending the race at the summit of Mont Mégantic, athletes will be redirected to an alternative trail loop from transition 3, at kilometre 36. The finish line would then be at this same point, transition 3

## **SWIMMING SECTION**

## Distance: 3,8 km

The swimming portion of the event will launch at 4:30 a.m. The 3.8-km course will play out in Lac Mégantic waters at the Parc de la Baie-des-Sables. **Swimming with an inflatable torpedo buoy and a wetsuit is mandatory.** 

## TR1: Transition 1 (Swim-Bike)

The transition will unfold at Parc de la Baie-des-Sables. The transition zone will be open from 6:00 p.m. to 8:00 p.m. on Saturday for bike deposits.

Help from assistants in the transition is authorized after the race. Assistants wait for their athlete directly at his or her designated spot, wearing a mask. Assistants may not move within the transition other than to reach the spot to wait and to exit with all equipment.

**Note**: Carefully plan equipment needs and the time required.

There will be no tent available for changing. You will have to change directly at your spot, within the transition area.

Swimming section: loops (3x)

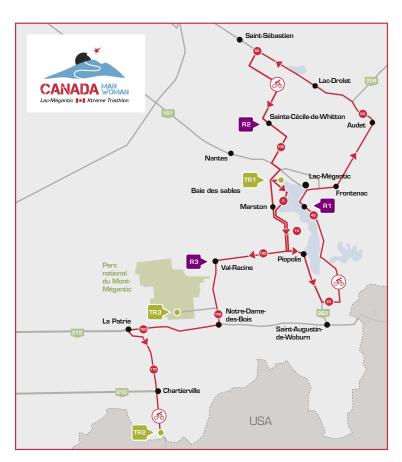

Distance: 180 km

## Elevation gain: 2565 m

The biking section will lead participants along the magnificent Route des Sommets. The undulating course serves up an elevation gain of more than 2 500 m. Du Morne, a steep ascent, awaits participants at kilometre 81. They will also have to look out for the final climb at kilometre 179!

#### ELEVATION (M) - BIKING SECTION

## TR2: Transition 2 (Bike-Running)

The transition will be completed at the Chartierville rest area. Assistants must park in the designated location to wait for their athlete. Masks are mandatory for both athletes and assistants in the transition area. No tents will be available for changing.

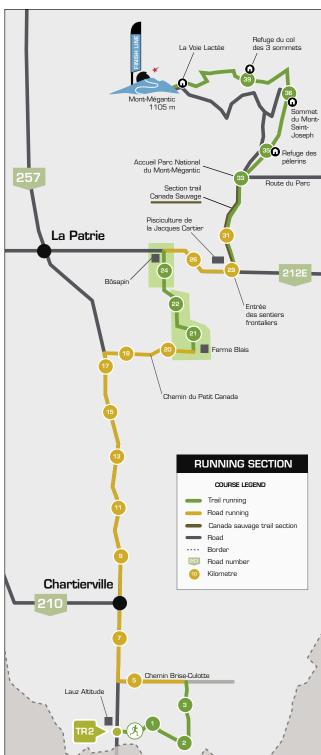

## RUNNING SECTION

Distance: 42 km

Elevation gain: 1300 m

The running section will unfold on paved roads, dirt roads, and trails. 75% of the marathon course is hilly. The other 25% of the course will essentially consist of trail running and involve an elevation gain of more than 1 200 metres. Participants  ${\it must}$  obligatorily be accompanied by their assistant (on foot) for the last portion of the marathon (the last  $8.5~{\rm km}$ ). The meeting place for the final ascent will be TR3, located at the entrance of Parc du Mont-Mégantic.

## ELEVATION (m)-RUNNING SECTION

### RULES

The Canada Man/Woman Triathlon is recognized by the *Fédération québécoise de triathlon* and it complies with Triathlon QC's basic rules.

#### **GENERAL**

- All athletes must obligatorily have at least one assistant (see ASSISTANTS section below) and one vehicle.
- Biking and running sections are not closed to traffic.
   Athletes and assistants are responsible for always keeping right and respecting Canadian Road Safety Regulations.
- Assistants may not precede or follow their athlete by car.
- For the biking section, one may refuel his/her athlete only at official feed zones
- Providing a participant with refuelling sources from a moving vehicle is strictly forbidden. Assistants must be outside of the vehicle to provide assistance to their athlete. Failure to comply will lead to disqualification.
- Assistance vehicles must never hinder the progress of other athletes. All participants must be members of their national triathlon federation.
- Assistance vehicles must respect Road Safety Regulations. Failure to comply will result in disqualification of athletes.
- Assistance vehicles must be clearly identified with the stickers provided by the organization. One sticker must be placed in the windshield's top right-hand corner. Another sticker must be placed in the top right-hand corner of the vehicle's back window (passenger side).
- Athletes must never enter their assistance vehicle unless they are withdrawing from the event.
- Earphones are forbidden at all times during the triathlon.
- Tossing litter on the ground is strictly forbidden.

- Athletes and assistants must use the toilets set up along the course (see list of toilets and restrooms along the course on page 17).
- If you withdraw from the race, YOU MUST call race management
- The organization reserves the right to remove a participant from the race if it considers this action to be necessary.

## **SWIMMING SECTION**

- Wetsuits are compulsory for the swimming section.
- A white strobe light is **compulsory** for the swimming section to ensure athletes are visible.
- Torpedo buoys are compulsory for the open water swimming section.

## BIKING and RUNNING SECTIONS

- Drafting is forbidden in the biking section.
- For the biking section, bikes must be equipped with lights: a white strobe light on the front of the bike and a red strobe light on the back of the bike.
- Participants must wear an approved helmet for the biking section.
- Bike changes are forbidden.
- A headlamp is **compulsory** for the running section.

# SPECIFIC COVID-19 MEASURES THAT MUST BE RESPECTED AT ALL TIMES ON THE EVENT SITE

Thank you for respecting the safety measures outlined by health and hygiene authorities in a pandemic period.

- If you have symptoms such as a cough or fever, do not participate in the event.
- Social distancing (2 metres)
- Carry hydroalcoholic gel and wash your hands as often as possible.
- Wear a mask at all times on the event site.

## Registration and pre-race meeting

This year, all registration activities and the pre-race meeting will be done online. You will receive details (date and time) via email one week before the event. If you cannot attend, you can watch the recording on the Web at a later time.

#### Start time

We will organize continuous starts for 4 people (mixed men-women) at a time, a few tens of seconds apart. We will organize starts from fastest to slowest participants.

## Race day

You must park in the designated area in the Baie-des-Sables parking lot. Prepare all your equipment with your assistant at your car.

#### **Transition 1**

There will be no site (tent or hall) for changing of clothes. You will have to change within the transition zone. Your assistant may wait for you there. He or she may not leave his spot other than to exit the transition with all equipment. From there, your assistant can meet you at km 48 of the biking section.

#### **Transition 2**

A spot will not be assigned to each athlete. Assistants shall wait near the transition zone, wearing a mask and respecting social distancing of 2 metres with other assistants as well as volunteers and members of the event organizing team.

## Transition 3 (Base of Mont Mégantic)

The assistant ascending with the participant must remain 2 metres from the latter. Hydration and nutrition are critical at this stage of the race.

#### Finish line

A small group of volunteers and members of the event organizing team will welcome you at the summit of Mont Mégantic. A medical team will also be present.

You will be served a hot meal (athlete and assistant).

A shuttle service will be in place to bring you and your assistant back down the mountain. Using the bus to reach the summit will not be allowed.

## **Timing chips**

Timing chips will be given to you at Transition 1 on Saturday night.

You are responsible for returning the timing chip in the finish area. If you lose the timing chip, we will have to invoice you for it.

## PENALTIES

Race judges may impose time penalties or disqualify an athlete if he/she or his/her assistance team violates the rules. We strongly hope that the use of penalties will be unnecessary. Canada Man/Woman, like all other XTRI events, is a sports event that aims to highlight values such as pushing one's limits, mutual aid, and good sportsmanship.

#### Time penalties

- Minor penalty 5 minutes
- Second penalty 15 minutes
- Third penalty, major penalty, or penalty for dangerous behaviour - Disqualification

Penalty zones are located at TR2 and TR3.

## TIME LIMITS

For safety reasons, the Canada Man/Woman organization will apply the following time limits:

**Swimming:** 7:00 a.m. (2.5 hours after start)

Biking: 4:00 p.m. (11.5 hours after start)

**Running: 9:00 p.m.** (16.5 hours after start) at TR3. Alternative course on paved

roads.

**10:30 pm** (18 hours after start) at

TR3. End of race.

The race director may decide to prevent an athlete from climbing Mont Mégantic for medical reasons following the doctor's advice, even if the athlete is within the time limits.

#### **ASSISTANCE**

Assistants' role consists of supporting their athlete throughout the course. Assistants can help their athlete with refuelling (biking and running sections) as well as provide mechanical assistance during the biking section.

If a participant has more than one assistant, Covid rules and guidelines must be respected.

Each participant must have at least one (1) assistant and one (1) vehicle. Note that only one vehicle is authorized per team. Recreational vehicles and trailers are forbidden. Assistants **must** have a mobile phone. For safety reasons, assistants must always be able to communicate with the organization. Assistants may not precede or follow their athlete by car. Assistance vehicles must reach the meeting points and wait for their athlete without interfering with traffic.

Vehicles mustn't hinder the progress of other athletes. This rule will be rigorously enforced. Failure to respect it will result in the disqualification of the athlete whose assistant is at fault.

Assistants must retrieve their athlete's bike at TR2 as soon as the latter leaves the transition area to begin the running section.

Since portions of the running section are not accessible by car, there are zones where assistants will not be able to provide refuelling sources to their athlete.

Assistants may accompany athletes on bikes for certain portions of the running section, up to kilometre 29 ("Canada Sauvage" section). They must always respect road safety regulations, remain alert, and watch for other vehicles.

Between kilometre 29 and TR3, we highly recommend that athletes be accompanied by an assistant on foot.

During the final section of the marathon, an assistant **must obligatorily** accompany each athlete for the ascension of Mont Mégantic, from Transition 3 (TR3) to the finish line (last 8.5 km).

It will be impossible to reach the summit with assistance vehicles. A shuttle service will take teams back to TR3 so that they can pick up their vehicle after the race. Park

access as well as the shuttle service at the summit is included for athletes and one (1) assistant. Only one (1) assistant can and must climb to the mountain's summit.

Vehicles and assistants must be clearly identified. Stickers provided by the organization must be placed on both the front and the back of each vehicle and assistants must wear their "CREW" shirt.

#### **List of mandatory equipment for assistants:**

- Headlamp (essential for trails)
- Additional batteries (essential for trails)
- Survival blanket (essential for trails).
- Solid and liquid refuelling sources (essential for trails)
- Basic first aid kit (essential for trails).
- Operating mobile phone with additional charge (essential for trails)
- A change of warm clothes (windbreaker, fleece sweater, tugue, raincoat)
- Tools and basic replacement parts for bike
- Face covering and disinfecting gel

Note that the average nighttime temperature at the summit is 5°C.

### FEED STATION

3 feed stations will be present along the course. Assistants and athletes must foresee all refuelling sources at designed area. For certain portions of the running section, athletes will be without their assistant for several kilometres. Athletes must therefore transport adequate resources (water, food) for these sections.

## MEDICAL ASSISTANCE

A medical assistance team will be present along the course, at transitions, and at the finish line. An emergency telephone number will be given to assistants at the race meeting. The organization reserves the right to remove a participant from the race if the race doctor considers this action to be necessary.

Caution: Due to the nature of the event, you must be as autonomous as possible. It may take the medical assistance team a long time to reach you because of the course type.

## **COVID EDITION**

Due to the pandemic, event organizers cannot be as present as they were in the past to provide support. We will be present for emergencies, but you must be more autonomous than ever before (refuelling, clothing, mechanical failures, etc.).

## **RESTROOMS/TOILETS-LOCALIZATION**

Each chemical toilet will be equipped with disinfecting gel. The use of public restrooms has yet to be confirmed. You must carry disinfecting gel throughout the race.

Road that assistants must take towards kilometre 48 of the biking section.

## **NEW FOR 2022:**

You will receive by email the 2 other meeting points.

## ATHLETE'S ROAD BOOK-RUNNING SECTION

## General instructions:

- 1. Follow the small flags.
- 2. Trail sections can be technical (rocks, holes, roots, mud). Certain sections require walking (slippery wooden bridges, creek beds, abrupt sections, etc.).
- 3. Have 1 or 2 headlamps on hand for nighttime. They must be good quality and have fully charged batteries (mandatory).
- 4. Have a spare pair of shoes, your feet will inevitably get wet.
- 5. Walking sticks are allowed.

3	DIRECTIONS	DISTANCE	KM
	TR2 at the Chartierville Rest Area		
1	Quad and forest trail section. You will run down a long, abrupt hill during this section.		3.6
2	Turn left on Brise Culotte Road, which is a dirt road.	1.6 km	5.2
3	Turn right on Route 257, a paved road.	12 km	17.2
4	Turn right on Petit-Canada Road E (a hilly dirt road)	3.3 km	20.5
5	Turn left on a trail close to a farm. You will run in Mr. Blais' large field along the river for the first half of this section. Next, an important climb awaits you before reaching the Bôsapin Plantation.		24.8
6	At the trail's exit, turn right on Route 212. This is a paved road with heavy traffic.		28.9
7	"Canada Sauvage" section. Turn left on the Frontaliers Trail and continue to the entrance of Parc du Mont-Mégantic. Proceed with care, highly technical section with rocks, creek beds, etc. EXERCISE CAUTION.		32.9
	TR 3 "CUT OFF"		
8 a	<b>BEFORE 9:00 p.m.</b> Trail run to the summit of Mont Mégantic. Walking sticks recommended. Food, water, warm clothing, and headlamps are required for this challenging section. <b>SUPPORT CREW MANDATORY.</b>	8,3 km	41.2
8 b	AFTER 9:00 p.m. Climb to the summit of Mont Mégantic via roadway. Food, water, clothing, and a headlamp required for this challenging section. Expect cold (5°C) and windy conditions at the summit. SUPPORT CREW MANDATORY.		41.2
	AFTER 10:30 p.m. End of race. Stop at TR3		

## ASSISTANT'S ROAD BOOK-RUNNING SECTION (\$)

#### **General instructions:**

## Athletes must arrive before 4:00 p.m. if they wish to start the marathon.

You can reach your athlete by car for refuelling purposes, in the road sections. In the trail sections, assistance is permitted on foot or on bike, if the team has enough members for the vehicle to follow.

<u>A</u>	DIRECTIONS	DISTANCE	KM (END OF THE SECTION)
	TR2 at the Chartierville Rest Area		
1	Go down the hill on Route 257 (1.1 km) and go right on Brise-Culotte Road for 1.6 km. Wait for your athlete at the trail section exit or meet him/her on foot.		3.6
2	Retrace your steps, go west on Brise-Culotte Road.	1.6 km	5.2
3	Turn right on Route 257.	12 km	17.2
4	Turn right on Petit-Canada Road East.	3.3 km	20.5
5	Retrace your steps on Petit-Canada East (3.3 km), go right on Route 257 (4.8 km) to La Patrie, then right on Route 212 for 5.4 km. You can meet your athlete in the Bô-sapin Plantation at the following address: 115, Route 212.		24.8
6	Follow Route 212 towards the East to the entrance of the Frontaliers Trails. Exercise caution, make sure your athlete has refuelling sources and a good quality headlamp, this section is in the wilderness!	4,1 km	28.9
7	Route 212 towards the East (4.6 km) to Notre-Dame-des-Bois, then go left for 3.3 km and left again on Du Parc Road for 4.1 km to the entrance of Parc du Mont-Mégantic. You can meet your athlete in the "Canada sauvage" section, from TR3 (park entrance).		32.9
	TR 3 "CUT OFF"		
8 a	BEFORE 9:00 p.m.  Trail running to the summit of Mont Mégantic. Food, water, clothing, and headlamps required for this challenging section. Plan for cold (5°C) and windy weather at the summit. SUPPORT CREW MANDATORY.	8,3 km	41.2
8 b	AFTER 9:00 p.m.  Climb to the summit of Mont Mégantic via roadway. Food, water, clothing, and a headlamp required for this challenging section. Expect cold (5°C) and windy conditions at the summit. SUPPORT CREW MANDATORY.	8,3 km	41.2
	AFTER 10:30 p.m. End of race. Stop at TR3
